

Norpine Trail Association
 4874 W. Highway 61
 Lutsen, MN 55612

The Norpine Trail Association is dedicated to preserving and maintaining the XC ski trails west of the Cascade River up to the Sugar Bush Trail system in Tofte. The 57 km of trails include Deer Yard loop, Hall-Massie Loops and the various connector trails. The trails are used for hiking and mountain biking as well. Over time, if not maintained, the trails experience erosion, tree fall, and degradation to the point where grooming for skiing is not possible.

We need members and volunteers to help maintain and keep these trails open for skiing. We work with the Minnesota DNR, US Forest Service, LTTA, Cascade Lodge and Solbakken Resort to keep these beautiful trails open for everyone to enjoy.

If you enjoy skiing on these trails and would like to continue doing so, please consider joining the Norpine Trail Association as a supporting member or a sponsor.

Volunteers needed!

We also have many opportunities for volunteering throughout the year.

- Clearing trees
- Building gates
- Signing trails
- Patrolling the system
- Mapping the trails
- Applying for grants

Big tree fall on the Deer Yard trail

Clearing crew after Spring ice storm

Piston Bully in action after a heavy snowfall. It takes over 8 hours to groom the Norpine trails.

Setting track along the trail while the trees are laden with fresh snow.

Join us!

Your membership dollars and volunteer hours are essential for keeping these trails open.
